

Welcome to your dental plan

Dental benefits designed to fit your needs

With the UnitedHealthcare Dental PPO plan, you can see any dentist you want, anywhere across the country. When you choose a dentist who is part of your plan's large national network, you may receive savings only available to members.

Preventive care

Oral health is linked to overall health, and regular preventive care helps catch concerns early, when they may be easier to treat. When you see a network dentist, your plan pays for all or most of your preventive care, including:

- Routine checkups
- 2 dental cleanings in a 12-month period
- Annual oral cancer screenings for adults

Additional wellness services

Get the most from your dental plan and enjoy a healthy smile with access to:

- Enhanced prenatal benefits
- Robust coverage for oral cancer screenings
- Teledentistry coverage that provides a clinical consult 24/7, up to 2 times per year
- Savings on our Discount and Rewards marketplace at [uhc.com/benefithub](https://www.uhc.com/benefithub)

Make the most of your dental plan and move your health forward

Access an extensive network of dentists

You have 3 options:

- 1 Log in to myuhc.com and use the Find a Dentist tool
- 2 Tap into the UnitedHealthcare app
- 3 Call the number on your digital ID card

If a network dental provider is not available within a reasonable distance of where you live or work, you may be referred to an out-of-network dental provider and still receive services at the network rate. To see your official plan documents and get details about your plan coverage, please sign on at myuhc.com or call the number on your ID card.

Your ID card

Find your digital ID card anytime on the UnitedHealthcare app or myuhc.com. Your card lists the subscriber, but everyone enrolled in the plan can use it. Be sure to bring it with you each time you see the dentist.

Estimate your costs

Use the dental cost calculator on myuhc.com to see your out-of-pocket costs ahead of time.

How your plan works

Deductible

For services other than preventive care, you may have to pay a deductible—a set dollar amount—before your coverage kicks in.

Cost-sharing

When having restorative services, you and your plan share the costs of services after you pay your deductible. (This is known as coinsurance, the percentage of costs you pay for covered dental care after you've paid your deductible.)

Annual limit

Your plan pays for services up to a set dollar amount, called an annual limit. Preventive services, including routine dental checkups, may count toward your annual limit. If you reach the limit, you'll need to pay the entire cost of any additional dental care you receive that year. Find your annual limit on myuhc.com or call the number on your ID card.

Pre-treatment estimates

If you're planning to have a procedure that costs more than \$500, ask your dentist to send UnitedHealthcare the X-rays and notes about your condition. We'll review the treatment to make sure it's clinically appropriate. After review, you and your dentist will get an estimate of what the plan will pay and what your costs will be.

Out-of-network services*

If you use a dentist outside the network, you may need to pay the difference between what the plan covers and what your dentist charges for the services.
